protecting people since 1926

**Professional or recreational. Competition or fun.
As one of the leading international manufacturers
of protective products with headquarters in Fuerth,
we at uvex inspire our customers every day with
groundbreaking technologies and innovative products.
24/7 – since 1926. To achieve the best, whether
in leisure, sports or work. To protect people.**

“I’m really happy to be part of the uvex family. For me it’s important to feel comfortable and really protected and so far it works pretty good. Thank you.”

Cyprien Sarrazin, FRA

**made in uvex –
made 2 perform
innovative. protection. sustainable.**

First-rate engineering. Backed by years of expertise. Passionate about quality. "made in uvex" is more than a simple promise. It embodies our accumulated expertise in product design and innovation – since 1926. Our highly qualified team of design, development, and product management experts creates products with standard-setting performance, safety and durability. Our product development is based on extensive laboratory tests, toxic substance controls, computer simulation, and actual field tests with professional athletes. During the manufacturing phase, premium workmanship and environmental responsibility go hand in hand. "made in uvex" is our quality pledge. And our benchmark for outstanding performance coupled with ultimate protection.

Winning innovation

Cutting-edge development. Longstanding product expertise. Maximum safety. The uvex name has been synonymous with innovative products for almost 100 years. We surpass industry standards. We perfect and finetune our sports equipment through rigorous lab tests and field tests, and by using pioneering computer simulation.

Winning performance

Multiple test winners. Full confidence. Absolute dependability. Developed by expert engineers, tested by professional athletes. Our helmets, eyewear, and protective equipment meet the highest standards in safety and reliability. "made in uvex" quality—outstanding performance for every application.

Winning design

Perfected functionality. Top performance. Stylish looks. In our HQ at Fuerth, the design team sets new standards. Our helmets and eyewear are not only highly protective and highly durable—they are also trendsetting, statement pieces. Product design that's visually and technically outstanding.

Winning sustainability

Eco-friendly materials. Shorter transport routes. Fair working conditions. Our vision of sustainability is clear. Responsible, innovative and progressive technologies. Sustainable raw materials and minimised CO₂ emissions. A conscientious approach to the environment and our employees. These are the three pillars of our 'Protecting Planet' strategy. Our goal is to be climate neutral by 2045. It may sound a long way off, but for the plastics industry it's an ambitious target. It's a challenge that spurs us on. Because that's who we are.

Werde uvex Brand Ambassador

Du bist leidenschaftlicher Sportler:in, ob auf dem Rennrad, MTB, Skiern oder beim Running, und liebst es, deine Eindrücke und Erlebnisse mit der Welt zu teilen? Dann ist das uvex Brand Ambassador (BA) Programm genau das Richtige für dich! Ob auf Events, in den sozialen Medien oder in deiner Community – als uvex Brand Ambassador wirst von uns mit den neuesten uvex Produkten for free ausgestattet und repräsentierst unsere Marke genau dort, wo du dich wohlfühlst!

About the uvex Brand Ambassador Program

Our uvex Brand Ambassador Program offers you the unique opportunity to become part of a global community and actively represent our uvex brand. Whether as a social media influencer, content creator, or expert at our sports events – we are looking for diverse personalities who share our passion, embody our values, and support our mission #protectingpeople.

Who are we looking for?

We are looking for authentic personalities who are passionate cyclists and/or winter sports enthusiasts and who want to represent our brand with enthusiasm. As a uvex Brand Ambassador, you not only wear our products but also actively recommend them – whether:

- At trade shows and events, supporting at the booth, such as Eurobike, RadRace, or Cycclassics
- On social media, as a content creator/influencer
- During rides, in your community – whether in training, competition, or just for fun

How to Become a uvex Brand Ambassador

The path to becoming a uvex Brand Ambassador goes through our partner NAGroup:

1. Fill out the form: Share insights into your passion, describe which area you'd like to represent as a uvex BA, and show why you would be the perfect uvex Brand Ambassador.
2. Selection and contact: Your information will be reviewed, and NAGroup will get in touch with you.
3. Get started: After approval, you will gain exclusive access to our uvex Brand Ambassador platform – and you can begin right away as a BA!

Does that sound exciting? Then don't waste any time and become part of our team!

Lens tech. Everything in view – whatever the conditions.

The uvex brand's DNA is embedded in our ski goggles – especially our leading lens technologies. All made possible by our inhouse engineering and our own production facilities. uvex colorvision® (CV) delivers ultimate contrast and maximum colour perception – even when visibility is very poor. The self-tinting uvex variomatic® (V) lenses adapt from light to dark in a few seconds – as soon as the light conditions change. The uvex supravision® (S) coating technology, available for all uvex ski goggles, ensures you have fog-free and accurate vision.

#made2perform

**uvex colorvision® (CV):

- Ultimate contrast enhancement
- Maximum colour perception
- 100 % UVA, UVB, UVC protection up to 400nm
- 15 % wider field of vision

S

uvex supravision® (S):
unequaled anti-fog performance

- 200% more anti-fog (vs. standard)
- 100% UVA, UVB, UVC protection up to 400 nm
- Unbreakable for maximum protection

V

uvex variomatic® (V):
top-flight comfort

- Automatic, stepless self-tinting
- Five protection levels (S0-4, S0-2 and S1-3)
- From light to dark in 25 seconds

uvex colorvision® sharpen your vision.

Meet uvex CV. A synonym for the highest level of contrast between bright colours – regardless of locations and conditions. On the piste, in deep snow, on demanding tours. Plus: stronger depth perception if visibility gets low. Ensures better performance and maximum safety. Always. Everywhere.
